SCOPE OF WORK

MoDOT is seeking quotations for vendors to provide hauling services to move cinder materials from the Thomas Hill Power Plant in Randolph County (4461 Highway F, Clifton Hill, MO 65244) to the various District 2 locations (maintenance buildings) listed herein.

500 tons of cinder materials are to be hauled to each location listed, at a minimum rate of 500 tons per day (equaling the ability to complete start and complete deliveries to each location within one business day), assuming an average of 25 tons of material per load (equaling approximately 20 loads per day to each location). The quoted price for each location shall include the total cost of completing deliveries with enough equipment & personnel to meet this daily haul rate requirement within the allowable work hours.

MoDOT staff and equipment will be present at the Thomas Hill facility to load and scale trucks each day. MoDOT does not have open access to this facility and must conduct loading operations between the hours of 8:00 AM and 4:00 PM, Monday through Friday. Therefore, haulers cannot begin loading trucks until after 8:00 PM and must be completed with loading/scaling and clear of the facility before 4:00 PM daily.

Award of this quotation will be on a "item by item" basis using the "lowest and best" principal of award. Therefore, it is not necessary to submit a quotation for providing hauling services to every location listed, but instead to provide a total cost job quotation only for each location you would desire to service.

This quotation is only for the hauling/delivery of materials. The vendor is not to include material costs in their quotation for each location, since MoDOT District 2 will be obtaining and paying for the cinder materials directly from the supplier. **Award of this quotation is also contingent upon MoDOT District 2 reaching an agreement to obtain these cinder materials from the supplier, Reed Minerals, Inc.**

There are no set dates for work to begin on these projects. When/If MoDOT completes arrangements for obtaining materials and finalizes plans for related work, District 2 will contact the awarded vendor(s) to determine availability/mobilization time required, coordinate schedules and determine starting dates. This work may be scheduled within the next three (3) months. Quoted prices must be firm for this time period.

SPECIAL TERMS AND CONDITIONS

Insurance / Certificate of Insurance Requirements

The Contractor shall purchase and maintain such insurance as will protect him from claims under workmen's compensation acts and other employee benefit acts, from claims for damages because of bodily injury, including death, and from claims for damages to property which may arise out of or result from the Contractor's operation under this Contract, whether such operations be by himself or by any Subcontractor or anyone directly or indirectly employed by any of them. This insurance shall be written for not less than any limits of liability specified as part of this contract, or required by law, whichever is greater and shall include contractual liability insurance as applicable to the Contractor's obligations under this contract. Prior to contract signing, the Offeror may be asked about it's ability to provide certificates of insurance which meet, or approach, the following coverages:

- a. General Liability Not less than **\$500,000** for any one person in a single accident or occurrence, and not less than **\$3,000.000** for all claims arising out of a single occurrence;
- b. Automobile Liability Not less than **\$500,000** for any one person in a single accident or occurrence, and not less than **\$3,000.000** for all claims arising out of a single occurrence;
- c. Missouri State Workmen's Compensation policy or equivalent in accordance with state law.

Within ten (10) business days of notification, the Bidder will need to provide a copy of his/her Certificate of Insurance showing coverage, in the amounts required above, prior to the issuance of any contract or initial purchase order by the Missouri Department of Transportation (MoDOT). MoDOT reserves the right, at its sole discretion, to extend the date this documentation must be provided. The Bidder's inability to provide this documentation will result in his/her bid being rejected. MoDOT shall be listed as a "Certificate Holder" on the Certificate of Insurance with the following mailing address:

Missouri Department of Transportation – District 2
General Services (Procurement) Division
902 North Missouri Street P.O. Box 8
Macon, MO. 63552

Deliveries – Additional Requirements

It will be necessary for a representative of the Missouri Department of Transportation to be present when the material is delivered. No material will be accepted that has been dumped in the absence of the department's aggregate materials checker. No deliveries will be made on Saturdays, Sundays and state holidays.

Legal Weights

Provisions of the Missouri Statutes relative to legal weights in regard to axle and gross weights, gross weights in relation to axle spacing and Supplementary Bridge limits all contained in Sections 304.180 and 304.190 RsMO are understood and will be abided by. The Department will not accept loads, which exceed legal weights.

Temporary Suspension of Work

The District Engineer or a designated representative shall have authority to suspend work wholly or in part for such period or periods as may be deemed necessary when weather or other conditions are such that in the opinion of the engineer, the work may be done at a later time with advantage to the Department or for failure on the part of the Contractor to comply with any of the provisions of the Contract. If the Department suspends the work for its own advantages and not because of the Contractor's failure to comply, the Contractor will be allowed an equal amount of time of the work to complete the work. The Department may at its discretion give the Contractor an extension of time for completing the work where the Contractor incurs delays for causes beyond his control. Normal rainfall is not considered a cause qualifying for an extension of time.

Certificate of Good Standing

The Bidder must be in compliance with the laws regarding conducting business in the State of Missouri. Within ten (10) business days of notification, the Bidder will need to provide a copy of his/her Missouri Secretary of State's "Certificate of Good Standing" prior to the issuance of any contract or initial purchase order by the Missouri Department of Transportation (MoDOT). MoDOT reserves the right, at its sole discretion, to extend the date this documentation must be provided. The Bidder's inability to provide this documentation will result in his/her bid being rejected.

Liquidated Damages

Deliveries to each building are to be started and completed in the same workday so MoDOT personnel at the various receiving locations are not tied up for more than 1 workday receiving these materials. In the event the successful Contractor fails to deliver the material within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that the sum of one-hundred dollars (\$100.00) for each day the 500 ton per day minimum haul rate is not met (based upon an average of 25 tons per load, this equates to 20 loads per day), is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages.

QUOTATION PRICING

It is not necessary to submit pricing on all locations. Awards will be made on an "Item By Item" basis.

All proposals arriving at the designated office after the deadline specified will be rejected.

GENERAL TERMS AND CONDITIONS

General Performance

- a. This work is to be performed under the general supervision and direction of the Missouri Department of Transportation (MoDOT) and, if awarded any portion of the work, the Contractor agrees to furnish at his own expense all labor and equipment required to complete the work, it being expressly understood that this solicitation is for completed work based upon the price(s) specified and is not a solicitation for rental of equipment or employment of labor by MoDOT, and MoDOT is to have no direction or control over the employees used by the Contractor in performance of the work.

Deliveries

- a. Unless otherwise specified on the solicitation documents or purchase order, suppliers shall give at least 24 hours advance notice of each delivery. - c. Any demurrage is to be paid by the Contractor direct to the railroad or carrier.

Nondiscrimination

- a. The Contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
- b. All solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials or leases of the Contractor's obligations under this contract and the Regulations, will be relative to nondiscrimination on the grounds of race, color, or national origin.

Invoicing and Payment

Remedies and Rights

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the MHTC of any existing or future right and/or remedy available by law in the event of any claim by the MHTC of the Contractor's default or breach of contract.
- b. The Contractor agrees and understands that the contract shall constitute an assignment by the Contractor to the MHTC of all rights, title and interest in and to all causes of action that the Contractor may have under the antitrust laws of the United States or State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or produced by the Contractor in the fulfillment of the contract with the MHTC.
- c. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request MoDOT to enter into such litigation to protect the interests of the MHTC, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

Cancellation of Contract

- a. The MHTC may cancel the contract at any time for a material breach of contractual obligations or for convenience by providing the Contractor with written notice of cancellation. Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.

- b. If the MHTC cancels the contract for breach, the MHTC reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the MHTC deems appropriate and charge the Contractor for any additional costs incurred thereby.

Bankruptcy or Insolvency

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assigned the benefit or creditors, the Contractor must notify MoDOT immediately. Upon learning of any such actions, the MHTC reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the Contractor responsible for damages.

Inventions, Patents, and Copyrights

- a. The Contractor shall defend, protect, and hold harmless the MHTC, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the Contractor's performance or products produced under the terms of the contract.

Inspection and Acceptance

- a. No equipment, supplies, and/or services received by MoDOT pursuant to a contract shall be deemed accepted until MoDOT has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The MHTC reserves the right to return any such rejected shipment at the Contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The MHTC's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the MHTC may have.

Warranty

- a. The Contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by MoDOT, (2) be fit and sufficient for the purpose expressed in the solicitation documents, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the MHTC's acceptance of or payment for said equipment, supplies, and/or services.

Status of Independent Contractor

- a. The Contractor represents itself to be an independent Contractor offering such services to the general public and shall not represent itself or its employees to be an employee of the MHTC. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers' compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save and hold the MHTC, its officers, agents and employees harmless from and against any and all losses (including attorney fees) and damage of any kind related to such matters.

Indemnification

- a. The Offeror shall defend, indemnify and hold harmless the Commission, including its members and department employees, from any claim or liability whether based on a claim for damages to real or personal property or to a person for any matter relating to or arising out of the Offeror's performance of its obligations under this Agreement.
